Subject: Introducing Nina Bacey, Treasure Island State environmental contact

Dear Ms. Escobar-Millacci and Ms. Lopez,

Thank you for the phone call. I understand that you want more information about Treasure Island. I want to introduce you to Nina Bacey, the cleanup project manager for the Treasure Island site for the State Department of Toxic Substances Control. Her phone number is 510-540-2480. I left her a voicemail letting her know about your interest in the topic and I have cc'ed her on this email.

In addition, you had asked about the next public meeting about the Hunters Point Naval Shipyard cleanup. This is plan for the next local Navy public presentation on this topic to the Hunters Point Citizens Advisory Committee:

Environmental & Reuse Subcommittee meeting

When: Mon, March 26, 6pm – 7pm

Where: 451 Galvez Ave, Suite 100, San Francisco, CA 94124, USA ([map](#))

Since meeting plans do sometimes change, it may be helpful to check closer to that time to confirm the date. Here is a link to the calendar and contact information for staff.

Subject: Tetra Tech Radiation Clean-Up

Hello Lily and Jackie,

My name is Virginia Escobar-Millacci. I am from Supervisor Jane Kim's office. Supervisor Kim oversees District 6 in San Francisco, including Treasure Island and Bayview. I called you both today at about 2pm and left voice messages to discuss Tetra Tech's radiation clean-up in Treasure Island and Bayview Hunters Point. I was told by the reception that

both of you manage various aspects of Region 9 and that you two would be the best people to contact. If there is another person to contact, please let me know, so I may call them. I have cc'd Bobbi Lopez, the legislative director overseeing Treasure Island and Bayview Hunters Point.

Best Regards,
Virginia Escobar-Millacci
